## NOTES

This afghan is that it is fully customizable. You'll have to change your hook size but that's about it! I go over this in the video tutorial but here's a quick overview:

- 
1. Select two yarns, a solid and a variegated.
  2. Choose a hook size that is recommended on the ball band. I know we usually go up a hook size with our tunisian crochet but not on this project. Tunisian double stitch is rather loose, so by choosing a hook size recommended on the ball band, we ensure the afghan won't be too open.
  3. Chain any number of stitches to the width you desire. This is where you can make the afghan fully customizable!
  4. Work as many rows as you desire to get the width!

Tunisian Double Stitch has a tendency to 'bias' or lean to the left. This can be fixed by blocking your afghan. Alternately, the bias will ease over time with use.
